OBJECTIVE

My objective is to work in the **IT Sector** where I can apply and enhance my knowledge in an environment that posters advancement and contribute to the company's future growth. I aspire to work in a dynamic, competitive and result oriented environment that will expose me to new challenges and enable me to grow by continuous innovation and research. As a part of a team as well as an individual, I hope to contribute to the growth of organisation through my knowledge and skills. My academic studies have been streamlined in the field of software development. I am a promising resource in my subject area. I am a self-starter and free to spend unlimited time for continuous improvement. It's my pleasure to be in a team work with specific time bound targets.
